- Print outs for you and each of your 2nd period students are now in your boxes. Please pass them out, and return any print outs of students no longer in your class.
- Please return your LCD projectors, document cameras and laptops to the library on or before Friday, June 6. Tape a sign on your equipment with your name on it for next year.
- Make sure Rachel and I sign you off on the End of the Year Sign off sheet that Gaby gives you. We actually need to see you and your list to do so!

### MATH

The new math classes require different books than we normally assign. All teachers in Integrated I, II and III will need a class set of Geometry. Students in Intergrated I and II get Holt Algebra I, and those in Intergrated III get Holt Algebra 2. Please return all class sets of Algebra I.

### NEWS ON EQUIPMENT

We have received some new LCD projectors and document cameras for selected staff. This has freed up older, but still good, equipment for use. If you need/want a different LCD projector or document camera, come in to the library, and pick out something new.

Check out the Castle Park Library blog! It's more of a website, and I'll be adding more information to it as time goes on, especially for Common Core!
